

Pudsey's Phonics Fun

Game Instructions

This game is for four children, seated at a table or on the carpet.

You will need:

- Pudsey's Phonics Fun Game Coins
- Pudsey's Phonics Fun Game Boards
- Pudsey's Collection Bucket Sign
- Bucket, jar or tub
- Small bag or box

Preparation:

Print, cut and laminate the Game Coins and the Game Boards.

Print the Pudsey's Collection Bucket Sign and attach it to the front of a bucket, tub or jar.

How to play:

- Place the picture coins face down on the table and place the word coins in a small bag or box.
- Place Pudsey's coin bucket within reach of all the children and hand each child a game board.
- Ask the children to take five picture coins each and place these, facing upwards, on to their game board.
- Tell the children that these are their coins. The aim of the game is to get all of your coins into Pudsey's bucket.
- Take a word coin from the bag or box and use oral segmenting to say the sounds in the word, for example, 'c-u-p'.
- The children can look at their coins and see if they can pick out the correct picture coin.
- If a child finds the correct picture coin, they can drop it into Pudsey's bucket.
