

Topic fact sheet – Oceans and Islands

Is everything connected?

Key terms:

Continent	A large solid area of land
Ocean	A large body of water.
Beach	A landform found along the coast of an ocean, sea, or lake.
Cliff	mass of rock that rises very high and is almost vertical, like a wall.
Coast	The area where the sea and land meet
Sea	for the body of salt water that covers the greater part of the surface of the Earth.
Location	A place where a particular point or object exists.
Human feature	Something which is made by a human.
Physical feature	Something that would still be here if humans were not.
