When Bella puts on her silver knight's costume, she is taken to a dark, green forest. Bella rides on the back of a handsome, white horse searching for fire-breathing dragons.

Bella loves dressing up as a friendly witch. Even her tabby cat rides with her on the back of her broomstick. With her black cloak around her and her dark, pointy hat on, she smiles and laughs as she whizzes through the starry sky to her castle.

But most of all, Bella's favourite dressing up adventure is when she is a brave explorer. She always puts on her brown hat and packs a bag full of useful objects. She explores noisy jungles and sandy hot deserts. She loves to make friends with all of the animals and people she meets.
