

Deciduous trees
Drop their leaves
By winter
The maple and oak
Apple and pear
Examples

**Why do leaves fall? Why do leaves fall, In autumn?
Why do leaves fall? Why do leaves fall, In autumn?**

'Cos temperatures drop
And sunlight is less
In autumn
Dormant they stay
Making no food
In winter

**That's why leaves fall, that's why leaves fall, in autumn
That's why leaves fall, that's why leaves fall, in autumn**

Evergreen trees
Don't lose their leaves
By winter
The spruce and the fir
Holly and pine
Examples

**How do they stay green? How do they stay green, all year-round?
How do they stay green? How do they stay green, all year-round?**

'cos evergreen trees
Make their own food
All year-round
They have thick waxy leaves
Store water in the freeze
Of winter

**That's how they stay green, that's how they stay green, all year-round.
That's how they stay green, that's how they stay green, all year-round.**
