

Quick Quack Queen Phonics Game

Level 3

This game is played like the traditional game of 'Snap.' However, instead of saying 'Snap!' when two cards match, players say 'Quack!' The winner is named the 'Quick Quack Queen'.

It can be played in pairs or in small groups.

At the end of the game, players read the words they have won.

Alternatively, lay the cards out face down. Children reveal two at a time to see if they can find a matching pair.

Challenge

Ask children to make up a funny story using some of the words on the cards. They can tell the story orally to a friend.
