Primary Physical Education and Sports Premium

2022-2023

Amount of grant received: £17,800

Aim, Believe, Celebrate

How to use the PE and sport premium

Schools must use the funding to make additional and sustainable improvements to the quality of their physical education (PE), physical activity and sport. Schools have the freedom to choose how to develop or add to the PE, physical activity and sport that they provide. They can build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years.

Schools should use the premium to secure improvements in the following 5 key indicators:

Key Indicator 1: The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school

Key Indicator 2: The profile of PE and sport is raised across the school as a tool for whole-school improvement

Key Indicator 3: Increased confidence, knowledge and skills of all staff in teaching PE and sport

Key Indicator 4: Broader experience of a range of sports and activities offered to all pupils

Key Indicator 5: Increased participation in competitive sport

Key Achievements to date (Sept 2022 – July 2023)	Areas for further improvement (Sept 2023 – July 2024)
• School has continued to have a notable, long-standing reputation for success in competitive sport in the local area. • The number of children participating in competitive sports has continued to increase. • The number of children participating in sporting after school clubs has continued to increase. • The variety of year groups taking part in after school events and tournaments has continued to increase. • Children from a number of year groups were successful in getting through to the County Finals for Cross Country. • A number of children were involved in taking part in 'taster sessions' for a variety of sports; this event was successful in encouraging them to participate in the sport following on from this (on a weekly basis). • A PE/Health and Wellbeing planning programme has been purchased in school to support the delivery of PE lessons and resources that go alongside this. • We have achieved the Gold Sports Mark for four consecutive years which shows the effectiveness of the provision that we offer in school in regards to enhancing the sporting opportunities and competitions that are available to the children. • Awareness of mental and emotional wellbeing for both staff and pupils has been raised.	• To raise awareness of mental and emotional wellbeing for both staff and pupils. • To lower obesity levels so that they are deemed to be under the national average. • Continue to upskill staff on their CPD to ensure that they are confident in delivering the physical education curriculum. • To achieve the Platinum Sports Mark this year – we have now been successful in after achieving the Gold Sports Mark for four consecutive years, and will now be able to apply for this in June 2024. • Continue to maintain the participation of children from KS1 in extra-curricular activities and competitive sports. • To purchase new sports equipment to adapt the long term plan and replace kit (where needed). • To purchase sensory equipment to aid the sensory circuit provision. This will enable all children, especially SEN pupils, to participate in physical activity and Physical Education lessons. • To engage in more enrichment days throughout the year.

Key Indicator 1: The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in

school

Key Indicator 3: Increased confidence, knowledge and skills of all staff in teaching PE and sport

Focus	Actions	Funding Allocated	Impact & Sustainability
Children will receive high quality physical activity sessions at lunchtimes.	A specialist sports coach will be employed to work every week (for four afternoons) throughout the academic year.	£16,933	Activity levels will increase over lunchtimes as the children will be provided with focused sports sessions.
Children will receive high quality physical education lessons.	A specialist sports coach will work alongside class teachers in delivering high quality PE lessons.		This will have an impact upon the delivery of PE lessons; it will accelerate progress within this subject area; and it will maximise activity levels throughout the school.
Staff will be more confident and equipped to deliver sport more effectively to all pupils, embedding physical activity throughout the school. A planning program will be purchased to support them when delivering the other physical education lesson independently.	A specialist sports coach will work alongside class teachers in delivering high quality PE lessons. Paul from Progressive Sports has supported children with well-being strategies and growth mindset to support the children throughout the pandemic.	£185	Teachers will continue to work on their CPD whilst working alongside the specialist sports coach, this will enable them to feel confident in delivering high quality PE sessions.

	On the return of all pupils, teachers will be supported with some resources of activities and initiatives to support delivery of P.E.		
Key Indicator 2: The profile of PE and sport is raised across the school as a tool for whole-school improvement			
Focus	Actions	Funding Allocated	Impact & Sustainability
Children will take on leadership roles to facilitate focused play with younger children during break and lunchtimes. (Years 3-6)	Sports Council children will be upskilled within their own year groups in leading physical activity sessions with children from younger year groups.	£0	This will not only develop children's leadership skills, but it will also maximise activity levels and will encourage active play throughout the school.
Continue to raise the profile of PE across the school.	Parents will be kept up to date with the school's sporting successes via the newsletter and twitter. They will also be made aware of the different extra-curricular activities that are available for the children.		Sport will be celebrated in school, with parents and the local community. Children will be encouraged to get involved in sporting activities.
Children's activity levels will be analysed across the whole school in order to make	Children will have the opportunities to be open and honest about their activity		This will support the school to identify and place emphasis on actions/services needed to

reasonable adjustments to activity levels. Children will take part in weekly health and wellbeing sessions to support physical and mental wellbeing.	levels in a closed survey. Children have completed exercise surveys in order to evaluate and monitor the amount of physical activity that children participate in outside of school. Baseline assessments will go ahead for KS1 and KS2 in the Summer Term (this will be a child centered approach).	£0	increase children's activity levels. To support children's mental health and wellbeing during this unstable economic times. To support children physically and mentally and for future years ahead.
Key Indicator 4: Broader experience of a range of sports and activities offered to all pupils			
Focus	Actions	Funding Allocated	Impact & Sustainability
To ensure there is a wide variety of activities and sports available to the children to try and sample and provide opportunities for children to try something new.	For children to complete pupil surveys to select sports they would like to try or be given an opportunity to take part in. To evaluate the pupil voice and provide enrichment days based on their voices heard.		Children will be exposed to a wide variety of sports throughout the academic year. This will not only develop their physical skills, but it will also allow them to find a love for sport and will therefore encourage them to take up a new sport outside of school.

To ensure there is a wide variety of equipment available to aid the teaching of a variety of sports.	Replenish PE equipment to enable children to receive lessons based on a variety of sports: netball posts,	£500	A broad range of sports chosen by the children will support self-esteem and confidence.
